

MEMBERS' MEETING

INVITATION TO A TALK BY ROBERT EVANS ABOUT THE NEWPORT MEDIEVAL SHIP

Robert represents the Friends of Newport Ship. He will talk about the history of the ship and give an overview of what's been happening since the discovery and excavation of the ship in 2002/3. Conservation and preservation have been essential parts of the story and now the ship is moving to the next phase, which will see its reassembly.

So come along for a fascinating afternoon and if you would like to bring a guest, they will be very welcome.
