USK U3A MEMBERS' MEETING

We are fortunate to have Gavin Jones, a Community Engagement Officer, to talk about the history and renovation of Newport Transporter Bridge. This promises to be a fascinating talk on one of only six operational transporter bridges in the world.

At Newport, the River Usk has the highest tidal range of any city in the world, and, in 1906, a crossing was needed which wouldn't hamper the huge amount of shipping using the river. The French designer, Ferdinand Arnodin, came up with the solution of **The Transporter Bridge**. To know more about this fascinating subject come along to the meeting and enjoy tea or coffee refreshments.

**WHEN: Friday,
24th January
2025, at 2pm**

**WHERE:
Llangybi Hall,
Llangybi, Usk,**

**COST: £2
contribution to
include
tea/coffee**

**Usk &
District
